* Required

1. Your Name: Last, First *

2. What did Brian realize about Derek? *

1 point

Mark only one oval.

- A. He realized Derek was dying from malnutrition.
- B. He realized Derek was paralyzed.
- C. He realized Derek was in a coma.
- D. He realized Derek had suffered brain damage and would probably not recover.

3. What happened when Brian tried to give Derek some water? *

1 point

Mark only one oval.

- A. Derek started choking.
- B. Brian couldn't get it into Derek's mouth.
- C. Derek woke up.
- D. Derek told him to stop.

4. What did Brian find in the briefcase? What did he decide to do? * 1 point

Mark only one oval.

- A. He found a notebook and decided to continue Derek's research for him by writing down everything that had happened since the storm.
- B. He found a map that showed the lake, the river that flowed out of it, and a trading post. He decided to make a raft and take Derek to the trading post.
- C. He found a second radio that Derek had hidden. He decided to call for help.
- D. He found a second radio that Derek had hidden. He decided to call for help.

5. What was the distance from the lake to the trading post? How long did Brian think it would take to get there? * 1 point

Mark only one oval.

- A. The trading post was about 50 miles or 81 kilometers from the lake. Brian estimated it would take 20 to 25 hours to make the trip.
- B. The trading post was about 200 miles or 32 kilometers from the lake. Brian estimated it would take 50 to 60 hours to make the trip.
- C. The trading post was about 150 miles or 243 kilometers from the lake. Brian estimated it would take 45 to 50 hours to make the trip.
- D. The trading post was about 100 miles or 150 kilometers from the lake. Brian estimated it would take 35 to 40 hours to make the trip.

6. What was Brian's problem? * 1 point

Mark only one oval.

- A. He thought Derek needed constant watching. He couldn't figure out how to watch Derek and build the raft at the same time.
- B. He didn't have a tool to use to make the raft. All he had were the two knives, and he couldn't use them to cut through the logs.
- C. The logs he found were too heavy for him to lift by himself.
- D. He had never built a raft, and didn't know how to do it.

7. How did Brian make the raft? *

1 point

Mark only one oval.

- A. He used a combination of his knife and fire to cut trees down near their bases and tied them together with strips of his shirt.
- B. He used logs beavers had cut down.
- C. He used fallen timbers he found in the forest.
- D. He cut bamboo with his knife and used that.
